Lab 2

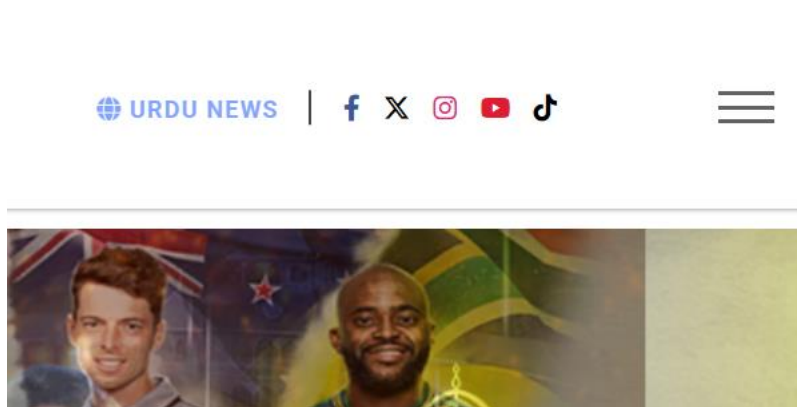

Task : Ptv website analysis

Observation (ptv).

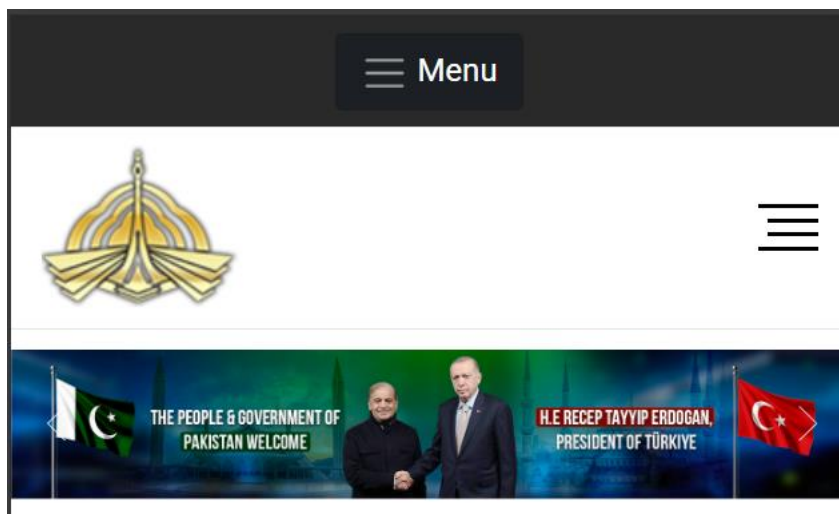

Overall the pakistan television official website was good designed but have some drawbacks.

Drawbacks:(ptv):

1. At the home page the three lines at the right top corner was not providing clear information. I was expecting some links but it has two sections about us and contact info

2. When the app open in mobile the looks good specially the menu

3. The website's design appears outdated and does not reflect modern web design trends

Positive Things:

- The website has a straightforward, easy-to-understand layout, making it accessible to users of all ages.
- The text is easy to read due to clear fonts, which is user-friendly.
- The inclusion of images and videos adds visual interest, making the website more engaging.
- The consistent use of the PTV logo and colors helps in creating a recognizable identity.
- Information is divided into sections, which helps users find what they are looking for more easily.

Suggestion:

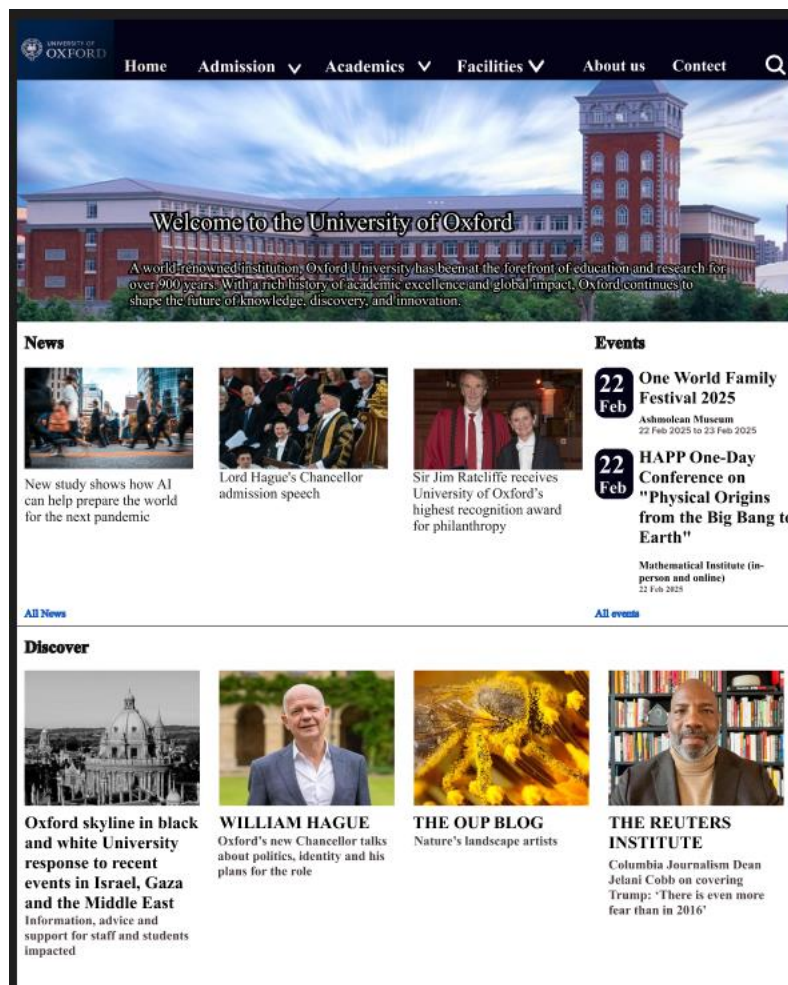

- Update the website to look fresh and modern.
- Make it simple for users to find what they are looking for with clear and organized menus.
- Ensure the website loads quickly by optimizing images and reducing unnecessary content.
- Use matching fonts and colors throughout the site for a professional appearance.
- Make sure the website works well on phones and tablets.

Lab 3

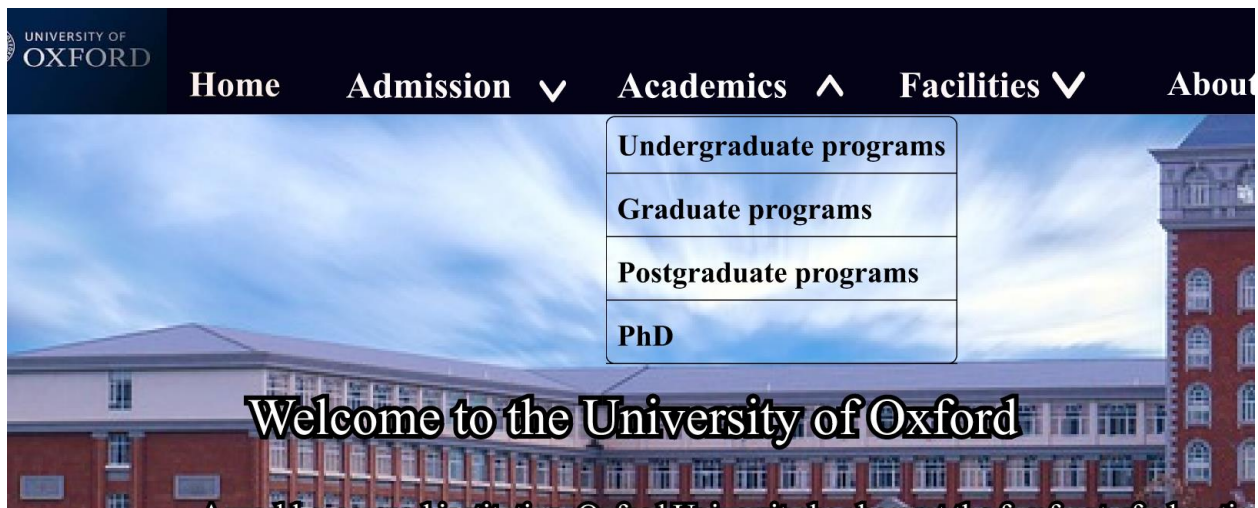

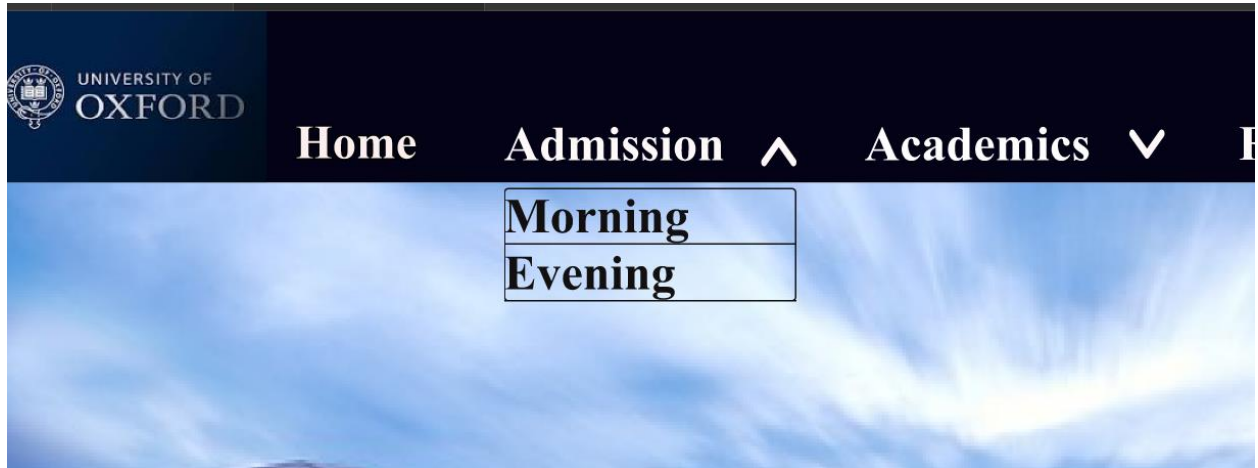

Task: University Website's Information Architecture

MAPPING PUBLIC ART IN NEW HAVEN

Hey everyone! I've been mapping public art in New Haven as part of my nonprofit project ArtAround and I'd love to invite you to join me, or just check it out and see what you think.

[New Haven map >](#)

[ArtAround homepage >](#)

A message from Communications:

All members of the SoA community are invited to edit the majority of the wiki however they like, but we ask that any non-curricular projects or initiatives that you would like to share be added to this section of the homepage. Students are also invited to reach out to Assistant Director of Communications Lindsey Mancini if they would like additional support from the School in bringing attention to their work and endeavors.

Yale School of Art Commencement

This booklet series publishes the speeches by speakers invited by the Dean on the occasion of the commencement of students receiving their MFA degrees from graphic design, painting/printmaking, photography, and sculpture. Published bi-annually and launched with Fred Moten's 2018 commencement address, the series is intended to provide a reflection on the two years that defined the recently graduated class. Efforts are currently being undertaken to make these publications publicly accessible.

Yale School of Art Commencement

This booklet series publishes the speeches by speakers invited by the Dean on the occasion of the commencement of students receiving their MFA degrees from graphic design, painting/printmaking, photography, and sculpture. Published bi-annually and launched with Fred Moten's 2018 commencement address, the series is intended to provide a reflection on the two years that defined the recently graduated class. Efforts are currently being undertaken to make these publications publicly accessible.

Now Dig This by Greg Tate

Published 2021

Now Dig This marks the continuation of Yale School of Art Commencement—a series that publishes the speeches by speakers invited by the Dean on the occasion of the commencement of students receiving their MFA degrees from graphic design, painting/printmaking, photography, and sculpture.

Our guest speaker in May 2021 was **Greg Tate**.

The class of 2021 representative student speaker was **Amina Ross**, Sculpture '21, featuring a preamble by Stavros Niarchos Foundation Dean and Professor of Art **Marta Kuzma**.

Edited by **Willis Kingery**, Graphic Design '19. Designed by **Bianca Ibarlucea**, Graphic Design '21

74 pages, ISBN: 978-1-948891-09-7

Art Dwells in the Present by Gregg Bordowitz

Published 2020

Featuring a preamble by Stavros Niarchos Foundation Dean and Professor of Art **Marta Kuzma**, Art Dwells in The Present marks the continuation of Yale School of Art Commencement—a series that publishes the speeches by speakers invited by the Dean on the occasion of the commencement of students receiving their MFA degrees from graphic design, painting/printmaking, photography, and sculpture.

Our guest speaker in May 2020 was **Gregg Bordowitz**.

Fragmental editing by **Angie Keefer**, BA '99, and **Willis Kingery**, Graphic Design '19. Designed by **Jinu Hong**, Graphic Design '20, and **Tuan Quoc Pham**, Graphic Design '20.

74 pages, ISBN: 978-1-948891-09-7

Sermon of the Nonresponse by Fred Moten

Published 2018

Featuring a preamble by Stavros Niarchos Foundation Dean and Professor of Art **Marta Kuzma**, Sermon of the Nonresponse marked the inauguration of Yale School of Art Commencement—a series that publishes the speeches by speakers invited by the Dean on the occasion of the commencement of students receiving their MFA degrees from graphic design, painting/printmaking, photography, and sculpture.

Our guest speaker in May 2018 was **Fred Moten**.

Edited by **Ayham Ghraoui**, Graphic Design '17. Designed by **Bryce Wilner**, Graphic Design '18.

74 pages, ISBN: 978-1-948891-09-7

Task : Fellow design analysis

Figma : <https://www.figma.com/design/X90L37G7SlrlidhpysvXgX/yale-school-of-art-design?node-id=0-1&t=oYaTI7G0Rlr2YsfY-1>

1. Visual Design (According to Trend)

Problems:

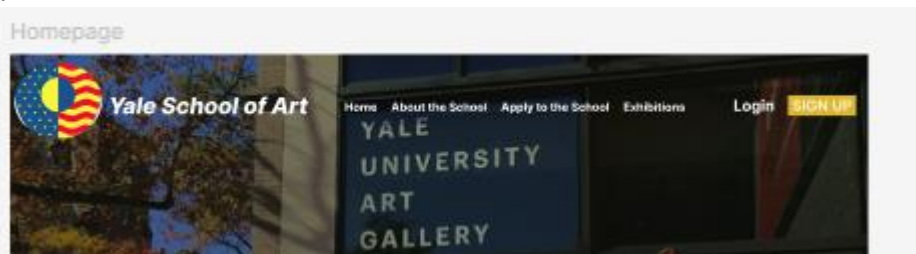

- The school name is not looking well placed.
- The design is clean but lacks uniqueness or modern interactive elements.
- The event calendar section looks slightly outdated and could benefit from a more engaging UI.
- Some sections feel crowded, affecting the aesthetic appeal.
- Icons are not visible and text color is also mixing with the background color (on the calendar).

Recommendations:

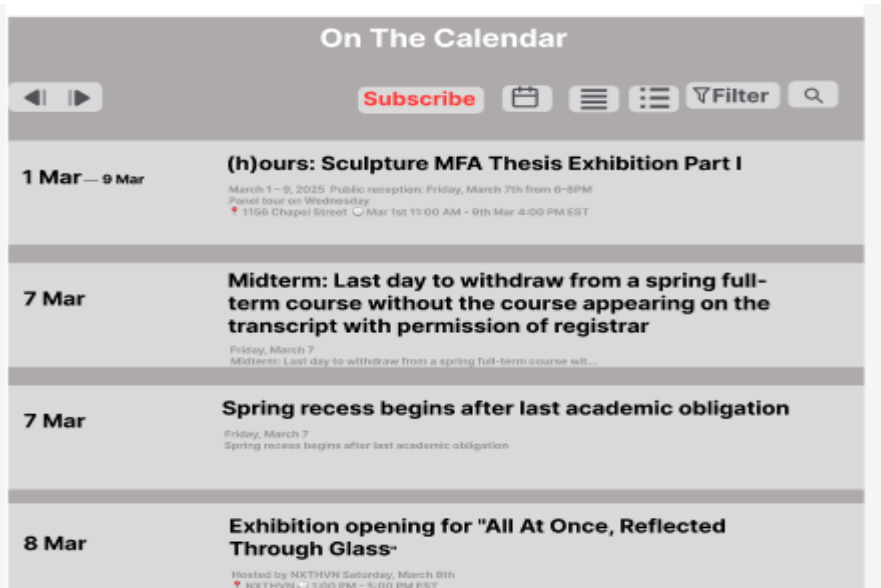

- School name should be placed below the menu bar over the hero image.
- Introduce more white space to give a modern feel.
- Use subtle animations or hover effects for interactivity.
- Improve the event calendar UI with better spacing and visual elements.
- Use clear and visible icons.

Screenshots:

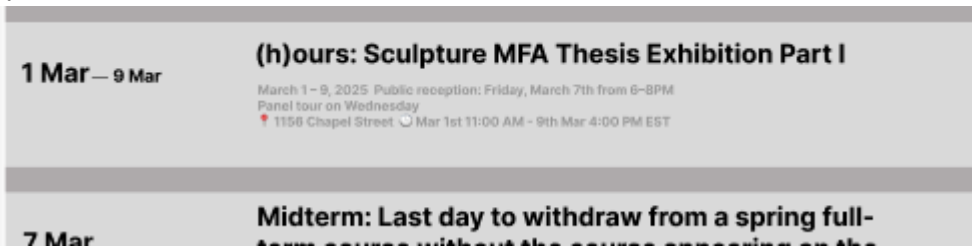

1:

2:

3:

2. Clarity & Conciseness

Problems:

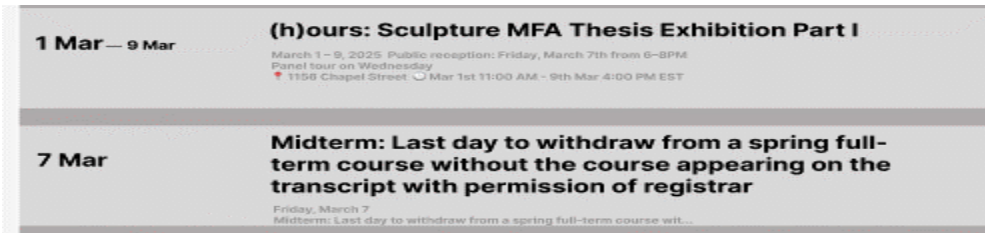

- Event descriptions are somewhat packed together, reducing clarity.
- Subscribe buttons don't clearly indicate their purpose.
- Icons not properly align.

Recommendations:

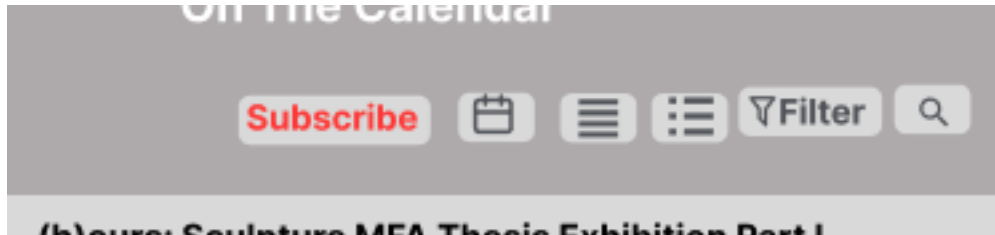

- Space out event descriptions for better readability.
- Use tooltips or short labels to explain unclear buttons.
- Add icons where needed to improve understanding.

Screenshots:

1:

2:

3. Learnability

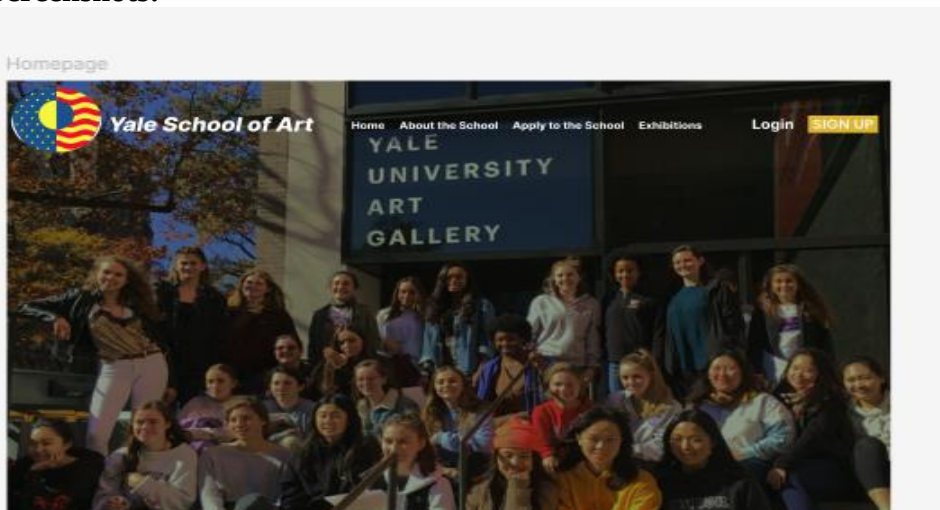

Problems:

- The navigation bar follows a standard pattern but lacks clear visual feedback when hovering or selecting a page.
- Some buttons could be more intuitive (e.g., “Subscribe” in the calendar).

Recommendations:

- Implement hover effects to show interactivity.
- Use color or underline effects for selected menu items.
- Provide clear explanations or labels for buttons.

Screenshots:

4. Navigation

Problems:

- The menu bar is not functional and lacks a strong visual hierarchy.
- No clear breadcrumbs or indicators showing the current page.

Recommendations:

- Highlight the active menu item for better orientation.
- Consider adding breadcrumbs for deeper navigation.
- Ensure all links are clearly visible and accessible.

5. Grids

Problems:

- The page follows a grid structure, but some sections feel misaligned.
- The event list looks cramped, reducing readability.

Recommendations:

- Maintain a consistent grid for spacing across sections.
- Adjust padding and margins to balance content.
- Ensure event listings have uniform spacing.

Screenshots:

6. Alignments

Problems:

- Some text elements and buttons seem slightly off in alignment.

- The event section could be better spaced for consistency.

Recommendations:

- Align text elements properly within their containers.
- Use a consistent margin and padding system.
- Ensure the event list follows a proper grid layout.

Screenshots:

7. Color Scheme

Problems:

- The color scheme is mostly neutral but lacks contrast in some areas.
- The “Subscribe” button doesn’t stand out enough.

Recommendations:

- Increase contrast in areas where text blends with the background.
- Use a more vibrant color for the call-to-action buttons.
- Ensure accessibility by checking color contrast ratios.

8. Typography Analysis

Problems:

- Some text sizes are inconsistent, making the design feel unpolished.
- Event details appear cramped, reducing readability.
- **Recommendations:**
- Use a consistent font hierarchy (headings, subheadings, body text).
- spacing in the event section for better legibility.
- text is not too small for accessibility purposes.

9. Readability Analysis

Problems:

- Text inside buttons and event details are slightly small.
- Some sections feel cluttered, making it harder to read at a glance.

Recommendations:

- Increase font size for event descriptions.
 - Space out text elements to reduce clutter
 - Ensure sufficient contrast between text and background.
-

10. Major Issues

- **Cluttered event section** affects readability and usability.
 - **Navigation lacks clear indicators** for the active page.
 - **Low contrast buttons** make some interactive elements hard to notice.
 - **Inconsistent alignment and spacing** create a slightly unpolished look.
-

11. Recommendations

- Improve contrast and color choices for accessibility.
 - out event listings for better readability.
 - Use proper text alignment and consistent font sizes.
 - navigation items to enhance user orientation.
 - Improve the visual appeal of the calendar section.
-

12. Conclusion

The website is well-structured with a clear focus on usability. However, minor design issues such as spacing, contrast, and readability affect the overall experience. Implementing the above recommendations will enhance clarity, engagement, and accessibility, making the site more user-friendly and visually appealing.
