

# Challenges for youth in Pakistan

# Problems That Pakistani Youth is facing

- Literacy
- Law and order situation
- Political instability
- Political and religious extremism
- Unequal education system
- Increase education budget ( building more educational infrastructure)
- Examination criteria
- More institutes should be made , so that maximum youth get higher education
- Technical education given to all classes
- Drugs

- Low industrial growth rate
- High population
- Jobs are not provided on the basis of merit.
- Unemployment
- Parent's Mentality.
